

Natwest Island Games Badminton Team Event

The seeding was performed by the Badminton Technical Committee which was elected at the previous NatWest Island Games and includes representatives from several islands. Seeding took into account both the results of islands in previous Games and the individual rankings of the players selected to play in Jersey 2015.

Using this system, the first four islands were seeded and placed into four groups. The other islands were then seeded 5 to 13, and banded 5 to 8 and 9 to 12. One team from each 'band' was then drawn into each group. The thirteenth seed was placed into the group with the fourth seed.

The draw was performed by the Secretary of the Technical Committee, along with the Tournament Scheduler (who is independent from all islands).

The results of the Seeding and Draw are as follows:

Group A	Group B	Group C	Group D
Jersey (1)	Faroe Islands (2)	Isle of Man (3)	Guernsey (4)
Greenland	Gibraltar	Bermuda	Gotland
Falkland Islands	Orkney	Shetland	Isle of Wight
			Ynys Môn

Badminton Individual Tournament

Seeding has been done, and the draw will be performed in the week prior to the Games. This allows for any injuries / replacements that may be required.

Seeding will be published at the same time as the Draw.
